

K12 Schools Parent Handbook 2025-26

Welcome Aboard

The management and staff of **K12 Schools** welcome you to the family. We trust that the time your child spends at our school will be a happy and fulfilling experience. We look forward to partnering with you, in creating the very best opportunities, fun-filled moments and precious memories that will remain with your children for life.

Who We Are?

History: Renowned and trusted in the field of education today, the Edovventures group has been committed to setting up a network of world class schools that provide quality education. That it is an indelible mark in the academic life-line of schools across PAN India and validated by the fact that the group has evolved into an education conglomerate with 8 school initiatives with a consortium of International schools with Rutgers, New Jersey, Saddle River, New Jersey and Bolis, Florida. K12 schools is the online segment of the Edovventures group. Our physical schools by the name American Eduglobal is functional from the Academic year 2022-23.

Our Vision: To redefine the future of education by creating a dynamic, borderless learning environment where students from every corner of the world can thrive. We aim to harness the power of technology to build a global classroom that fosters innovation, creativity, and collaboration—equipping the next generation with the skills to lead in an ever-changing world.

Our Mission: Our mission is to revolutionize education through a cutting-edge online learning platform that integrates futuristic teaching methods. From AI-driven personalized learning paths to immersive virtual reality classrooms, we aim to provide students with engaging, interactive, and accessible education. By fostering global collaboration, we strive to break geographical barriers and create a diverse, inclusive global classroom, preparing students to lead and excel in the digital world of tomorrow.

OUR EDUCATIONAL VALUES: K12 Schools educational values revolve around our core values of

- Integrity, commitment, excellence and compassion as our core values.
- Building an integrated curriculum and providing holistic education to produce leaders for tomorrow.
- An open-door policy, so all stakeholders are in sync with the mission of our school and imbibe the values in its true spirit.
- Being compassionate towards learners with special needs and thereby enabling them to succeed in every walk of life.

Our Approach and Outlook

At K12 Schools, our guiding principle is that all children deserve to be happy, healthy and confident. As such, we are committed to providing a premium service that encompasses high quality care, a progressive early education programme, plus specifically tailored extracurricular activities aimed at developing the natural talents, skills and passion within every child. We consider children as very capable individuals who can take charge of their learning. We look at children with a great sense of respect and give due regard to their opinions and choices. As educators we coach them with our expertise to not only build academic rigor but a strong moral fibre too.

Our core values of Integrity, commitment, excellence and compassion are at the centre of all decisions we make. Our policies and processes are in conjunction with our core values and all decisions are made in alignment with them to create a learning environment where all stakeholders find a relatable context with vision and mission.

The Community at K12 Schools and Our Collective Role:

The community of K12 Schools is composed of a senior management team, Head of School, Centre office coordinator, Academic Co-ordinators and our trained and certified teachers.

Given below is a brief overview of roles specific to the teaching community.

Head of School: He/ she is the custodian of all admin processes and ensures smooth functioning of all key academic and logistic operations of the school.

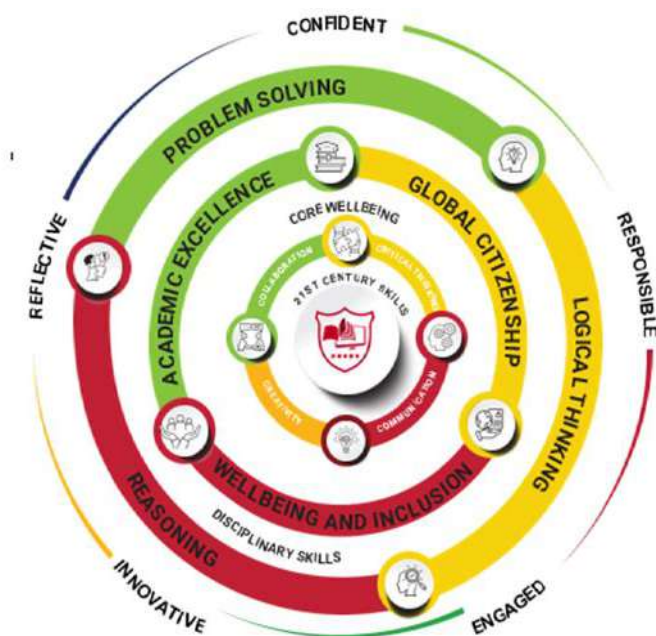

The HOS is equipped with latest teaching and learning pedagogy necessary and required for the both Indian and other International boards being offered to ascertain the seamless flow of learning in tandem with the core principles and standards.

The Central Office Coordinator provides essential administrative support, acting as a liaison between the central office, other departments, and external stakeholders. This role involves managing correspondence, facilitating communication, and ensuring alignment with organizational goals. Responsibilities include maintaining and updating databases, preparing reports and documentation, and overseeing specific projects. The coordinator also addresses and resolves administrative issues, collaborates with team members, and offers professional assistance to inquiries.

Academic Coordinators: He /she curates the curriculum plan to determine the smooth transition of core elements of skills, knowledge, concept and attitudes. She monitors the quality of academic content and effective transaction of the Inquiry process both vertically and horizontally. She conducts training for both teaching staff and Parent community to keep them abreast with the latest developments in Curriculum and educational trends. Academic head disseminates essential communication related to Academic processes at each department level. He/ she is the second point of contact after the HRT or class teacher.

Home Room Tutor: He/she is the one who disseminates learning and facilitates academic and social emotional growth of the child. Can be reached through email shared at the time of the orientation. The first point of contact during grievance redressal should be the child's Homeroom Teacher. They will work with you to resolve the problem.

Portrait of a K12'rian

Our goal is for parents and teachers to work collaboratively to foster the development of the child. The outcome of the parent, teacher and child relationship is our **“Portrait of a Graduate”**. **“Portrait of a Graduate”** illustrates the skills and attributes K12 Schools students can develop when parents and teachers work collaboratively to foster the development of their child’s academic, social, emotional, and spiritual development. It is our constant endeavour to foster the attributes of compassion, excellence, reflection, creativity and innovation amongst our students.

Addressal of concerns

All issues and concerns raised by parents / guardians are taken seriously by the school and will be addressed. Every effort will be made to address and resolve issues and concerns to the satisfaction of all parties and as quickly as possible. Issues or concerns may be brought forward verbally or in writing. An initial response to an issue or concern will be provided to parents / guardians within two (2) business day(s). The person who raised the issue or concern will be kept informed throughout the resolution process. Investigations of issues and concerns will be fair, impartial and respectful to parties involved.

The first point of contact during grievance redressal should be the child’s Homeroom Teacher. If you feel that further resolution is required, then please speak to the Central office Coordinator (inderkala.dutta@k12onlineschools.com) who will work with you and the

concerned department to resolve the problem. If failing this and you are not satisfied with the outcome, please contact the Head of School.

For the ease of redressal, we have developed the following procedures to sort the Academic and any other issues.

For any Issues:

Connect to Central Office Coordinator(inderkala.dutta@k12onlineschools.com) or PRO (Pro@k12onlineschools.com)

- HRT can be reached out after school hours i.e. 4-6 pm after dropping a message to communicate any pressing issues.
- Care calls are made before the start of the academic session for smooth onboarding into the school processes.
- Daily updates are communicated to parents of Primary, Middle, and Senior grades via G-Chat.
- Parents & students can access the live sessions recording available on school LMS portal.
- Assessment updates are provided through LMS.
- Redressal forms are sent to parents for inputs and concerns twice in a month.

Redressal Form:

<https://forms.gle/4rFX9nyW1LNtBSct6>

IT related issues:

- We have a technical team in place to resolve technical glitches and problems accessing LMS. The technical team's number for troubleshooting is provided to parents during orientation. **(Technical Team- 8448664002)**
- LMS induction is conducted for parents and related videos are also shared to facilitate the use of LMS.
- In case of lack of accessibility to learning materials on LMS, parents can reach out to the HRT.
- Our LMS doesn't allow any anonymous entry to the live sessions, only register ids are accepted hence providing a safe digital learning environment

- Parents also can't access the live sessions as there is only one Login id provided to the student for the sessions. The notification feature is available at the parent id.

Digital Policy and Addressal of issues

We are well aware of the influence that our Digital Natives live under thus our sincere focus is to safeguard the emotional wellbeing of the learners especially in the online mode of schooling. We have a detailed Digital policy in place for all our stakeholders: Parents, students and teachers which educates us on the mindful use of technology and how we can identify influences or incidents that impact learning otherwise.

Teachers conduct sessions on Cyber Bullying, Ethical Digital Consumption with parents and students both to promote a healthy and transparent use of digital technology in school and at home as well. In case of any unethical use of technology in terms of bullying or inappropriate use of content can be immediately escalated to the HRT and the grievance process as mentioned above.

Communication Policy

Contact information about the child:

It is essential that you provide the school with current contact information. The link to the communication form is on our website and is part of our admission process. We rely on this information which is our primary point of reference in cases of emergency and also the dispatch of learning kits. All contact change requests should be directed to HRT in writing by email. Contact information cannot be updated telephonically.

Academic Processes for interaction with the HRT

We invite parents and family members to schedule meeting times with their child's educators to discuss specific details about their child's development through

- Parent Teacher Interactions
- Orientation sessions
- Parent as partners
- Coffee Meet

Information about the daily program, observations and stories about your child and their involvement in learning projects will all be available to you in real time via our Gchat group.

This helps to keep you connected to your child's learning journey and share their wonder and joy as they explore and discover.

In case you wish to update the HRT about any important information you may do so through email.

Student support and wellbeing at K12 Schools

- **Professional School Counsellor**
- **One-to-One Counselling Sessions**
- **Parent & Teacher Training**
- **Confidentiality of Counselling**
- **Online Counselling Support**
- **Stress Management Workshops**
- **Mental Health Awareness Programs**
- **Holistic Approach to Student Well-Being**

Mental Wellbeing Support

- Prioritizing students' emotional and mental health for their overall success.

School Counsellor Availability

- Reach out to the school counsellor for support with anxiety, emotional well-being, or mental health concerns.
- Counsellor's Contact:
 - **Email:** swati.saxena@k12onlineschools.com
 - **Availability:** 4:00 PM to 6:00 PM IST

Child Protection Team

- **Ms. Simran (HOS)**
- **Ms. Inderkala (COC)**
- **Ms. Swati (School Counselor)**
- **Ms. Vashita (Academic Coordinator)**
- **Mr. Amit (CEO)**
- **Dr. Neeti (Academic Coordinator)**

How to report?

- **Step 1:** Connect with the Homeroom Teacher (HRT) if any instance arises.
- **Step 2:** Email the HRT within school hours.
- The Child Protection Team will promptly address the matter.

Confidentiality

- Every concern is handled with the utmost confidentiality to protect the student.

Support Offered

- **One-to-One Sessions:** Personalized support for affected students.

- **Student Counselling:** Available as part of the resolution process to ensure emotional well-being.
- We ensure a safe, secure, and supportive learning environment for all students.

School Timing

The reporting time of students for each school is different as mentioned on the website.

Office Hours: 10:00 A.M.-6:00 P.M.

Meeting the Head of School: With prior appointment

Meeting the coordinators: With prior appointment

([write to pro@k12onlineschools.com](mailto:write_to_pro@k12onlineschools.com))

Meeting the Teachers:

Parents are not allowed to call teachers during instructional time. They can call them after dropping a message between 4-6 pm.

Punctuality:

A sense of order and punctuality is in keeping with the philosophy of K12 Schools. We strongly recommend students join 5 minutes before class begins. The school day starts at **9:00a.m.** A student is considered late if they are not signed in at the start of the school day.

Routines & Regimes:

Our routines provide for individual play and learning as well as small and large group play and learning activities. Children's language and literacy skills are further developed during these times as children are involved in storytelling, drama and games. Music also plays a large part during these sessions as children are able to experiment with dancing, singing and exercising their bodies.

Settling In:

- Our first priority is that the child enjoys a seamless transition from home-life into school life. In order to achieve this, we tailor our "settling in program" according to the child's individual needs so that we may provide them with a consistent routine and high level of care.
- Our educators play an active role in this process, by gathering information from you ahead of time so that we are fully prepared to meet any special requirements or expectations that you and your child may have.
- In addition, we have developed a BUDDY SYSTEM, whereby new children are paired with a child who shares similar interests or traits. This is a great way to develop friendships and to help each new child feel instantly connected with their peer group.

- We understand that the initial separation period can be equally unsettling for parents, and so we encourage you to spend time with your child so that you both feel relaxed and comfortable within the school.
- The settling in process is a unique journey for each individual child and although we would like to say the process only takes two weeks, in reality, it could be shorter than this not longer. We'll reach that destination when your child arrives into the caring environment feeling confident and ready to learn. That's when we'll know we've made strong, lasting connections.

School Procedures and Processes

Attendance:

Parents are required to notify the school if a child will be absent from school by filling in an online leave application through mail.

Parents must notify the home room teacher in advance if a child will not be attending any sessions.

Withdrawal Process:

If a student wishes to withdraw from the school, the transfer certificate will be issued on one month's written notice by the parent or payment of one month's fee in lieu thereof. Admission fee will not be refunded in any case.

If a student is absent without any reason for more than **10 days** with no intimation from the parent then his/her name may be struck off the school rolls.

Mode of Fee Payment and International Admissions:

The School fees and other charges are payable as per the fee slip to be distributed by the respective class teacher, by the date indicated therein.

If the last date for payment of fee happens to be a holiday, the preceding day (not the following day) shall be taken as the last date.

Fee should be paid to school through the payment gateway as per the scheduled time. **Late**

Fee Fine:

Any delay in payment of fees will invite late fee fine@ Rs. 50 per day also lead to the student's name being struck off the rolls.

Parent as Partners:

We want to ensure our school becomes an extension of your home life and that the relationships, cultures and activities that are important to your child are recognized. Working together, engaging in your child's interests and learning and discovering with them is the best way to ensure a high-quality education for your child. We encourage you to do this by asking questions, getting involved and continuing the learning activities at home.

Parent Volunteering:

We encourage you to make note of the following areas where you can volunteer to strengthen the parent and teacher association.

School Activities and Events:

Enrich your child's experience at K12 schools by attending and supporting school wide activities and events. School activities and events serve to enrich our community and complement our program by helping our students to reach their full potential as independent persons with a global perspective for bettering our school and its community.

Classroom Activities: Support your child's classroom by getting involved in various classroom activities that take place throughout the school year. Parents take turns supporting the classroom by helping their child to bring in snack groceries including flower bouquets.

Other activities include Cultural Presentations, Storytelling and college or career readiness sessions.

Parent Education Series:

In our continued efforts to work in collaboration with parents on a journey of growth and learning, the school hosts Parent Education Sessions. The sessions are designed to provide parents with a variety of topics such as different aspects of curriculum and child development. Attending these sessions is highly recommended.

When good things happen....

Tell us! Compliments reinforce the good things that are happening in the child's life, either at home or at school. Keeping in touch and working together is the best way to ensure a high-quality education for our children, and to help ensure their success not only in school and the early years, but also in life.

Share information about your children with us:

Learning happens the best when parents and teachers know the child's predispositions, talents and interest areas the best. We would love to promote the child's latent potential and recognise their achievements beyond school.

Fostering International Mindedness

What does that mean at K12 schools?

At K12 students are taught WHY they should know something and how it connects to other subjects and the world around them. It means students often decide the direction of instruction, based on their curiosities and inquiries.

All K12 rians are “Internationally minded” People:

We approach International mindedness as the predisposition to accept with dignity the multiculturalism and point of view of other nationalities and ethnicities while also having a deep sense of pride for one’s own culture and native roots. These are qualities determined to be most important in creating positive and productive citizens of the world.

Language:

At **K12 Schools**, we view language holistically; it is central to all learning. We consider language to be a vital tool for developing international mindedness amongst our student body. We want our students to become active listeners, articulate speakers, fluent readers and confident writers in two or more languages. We foster a love of language in our students together with an understanding of the power of language and a developing sense of personal responsibility for language use.

We believe that learners’ needs are best served when they have opportunities to engage in learning within meaningful contexts, rather than the learning of language as an isolated series of skills to be acquired. Fragmenting learning into the acquisition of isolated skill sets can create difficulties for learners—for example, learners may be able to read, write and spell words correctly in isolation but may not be able to read, write or spell those same words in other contexts. Medium of instruction is English though we use respective modes of instruction in second and third language classes i.e Hindi /French/German.
